

Appendix I

Animal Shelters & Rescue Organizations in Vermont

On the following pages, we have provided a list of humane organizations and rescue groups in Vermont. The organizations are listed in alphabetic order.

Contact them for assistance when you are investigating animal cruelty cases. Some of them may have animal cruelty investigators that can assist you with your investigation, but this is not something you should expect. When calling for assistance, be sure to ask for the shelter director or manager.

Some of the organizations may be able to hold seized animals. Organizations with a physical location serving as an animal care facility are noted as “sheltered”, and those that utilize foster homes or simply act in an educational capacity are noted as “non-sheltered”. Most private shelters only have holding facilities for small animals, however they may be able to refer you to an organization that can house large animals. They may also be able to provide you with names of people who are willing to foster-care animals. Keep in mind that this list is based on information obtained in 2013 and is subject to change.

IMPORTANT: Before placing an animal at a facility or in foster-care, always inspect the facilities.
